Work experience

Combitech, Göteborg— *Software engineer*

2022- ONGOING

At Combitech I am a consultant focusing on the Ericsson 5G network development.

Nordic Wellness, Linköping — *Personal trainer*

2021 – 2022

At Nordic Wellness, I worked as a personal trainer. I helped people to reach their goals, both in regard to training and nutrition.

Stena Recycling, Halmstad — *Productions employee*

2018 – 2021

At Stena Recycling, I worked at their technology recycling department. I mainly picked apart different electronic devices, but was also mainly in charge of organizing the incoming and outgoing deliveries.

Education

Linköpings university— *Bachelors degree in computer sciences*

2019 – 2022

I am currently studying towards a bachelor of engineering in computer sciences. My education is both focused on hardware and software, but I have chosen a speciality that mainly focuses on software. Expected to graduate June 2022.

Volunteer work

Linköpings university— *Chairman in event committee*

2020 – 2021

I am also the chairman of the event organizing committee for my student section. At this position, I lead a group of 11 to organize different events for the entire school.
